- I. [21-6194](#) Review Current Sales Tax Rate
- Comparato began the meeting by informing the committee that they had been tasked by County Board Chairman Larkin to review the current Sales Tax Rate for Cannabis and decide whether that amount was appropriate or if it needed to be raised. The committee discussed the issue noting that the County cannabis sales tax rate was lower than Carbondale. They also discussed the fact that there were no dispensaries in the unincorporated area of the County. The committee noted that by keeping the cannabis tax rate lower than Carbondale, it could be an incentive for businesses to come to the unincorporated area of the County. The consensus of the committee was to not raise the cannabis sales tax at this time.
